PROGRAM OVERVIEW

This program is designed to encourage the involvement of ISA alumni in international education, by providing them outreach opportunities on their home university campuses. Global Ambassadors will not receive monetary compensation. ISA will also be happy to serve as a reference, and write a letter of recommendation, for students who are active in the program. ISA will invite three Global Ambassadors to participate in a summer internship in the international ISA office in the city where they studied abroad. The internship will be unpaid, but ISA will pay for the students' airfare, room and board. The three Global Ambassadors will be chosen based on the individual's level of involvement in the program, your feedback, the need of the offices abroad, and the Resident Director's recommendation about the individual's ability to perform in the office. Students will be asked to work in conjunction with your office. Global Ambassadors will also arrange promotional activities on campus, as well as assist the ISA Regional Representatives during their campus visits.
