

Preparations for 2nd ISA/University Moulay Ismail Intercultural Forum April 26, 2009

ISA student's studying at the Faculte des Lettres et des Sciences Humaines joined with students from their host university to discuss organization and topics of discussion for the second Intercultural Forum. After a huge success last November, Moroccan and American student volunteers met on the 26th of April, 2009 in order to develop ideas for this semester's Forum. Following much debate the students decided they would tackle the difficult topic of "Stereotypes".

In this meeting the panel members were decided as well as the moderators representing both nationalities. Then the members of the organizing committee brainstormed on the questions relevant to themselves and their peers to be presented to the panel during the Forum which was to be held a couple of weeks later on the 8th of May 2009.
