Agriculture & Animal Science

Biology

Biomedical Science

Environmental Science

Exercise Science & Kinesiology

Geology

Health Care & Health Science

Marine Biology

Nursing

Nutrition & Food Science

Public Health

Zoology
3 Reasons Biology, Health & Natural Sciences Students Should Study Abroad

1. Learn about the natural environment of your host destination. Discover a diversity of ecosystems and learn more about the local flora, fauna, and geology as you explore new locations.

2. Discover more about the social and cultural context of health and health care. Exposure to a different health care system can lead to a greater understanding of how people’s cultural and social background impacts their perspectives on health and well-being.

3. Connect what you learn in courses to real-world situations. Experiential learning opportunities exist within many ISA programs, allowing you to see firsthand what you may have only heard about in the classroom.

Things To Consider

1. Given the sequential nature of courses within most biology, health & natural science degree plans, is there a best term (semester, summer, January-term) for you to go abroad?

2. Do the courses you need to take have lab requirements? Can you arrange your schedule in such a way that permits you to take these courses at your home campus?

3. Do you want to take courses with local students? ISA offers a range of program options for students wishing to take courses with local students at all language levels.

Available Terms

- Academic Year
- Semester
- Quarter
- Short Term
- Summer
- J-Term
- Intensive Month

Program Options

- Host University Internship Course
- Host University Service-Learning
- Host University Research
- ISA Service-Learning Program
- Christian Study Abroad (ISA Veritas)
- Study Abroad + Research

COURSES IN ENGLISH UNLESS OTHERWISE NOTED

What follows represents only a sampling of available ISA programs. To get more information on the programs shown, as well as information on all other program options, go to studiesabroad.com.
Agriculture & Animal Science

AUSTRALIA

Melbourne
La Trobe University: Sport and Exercise Science, Business & Liberal Arts

ENGLAND

Reading
University of Reading: Business, Environmental Studies, Humanities & Science

IRELAND

Dublin
University College Dublin: Business, Humanities, Agriculture & STEM

NEW ZEALAND

Dunedin
University of Otago: Natural Sciences, Exercise Science, Social Science & Liberal Arts

SOUTH AFRICA

Port Elizabeth
Nelson Mandela University: Sustainable Development, Environmental Studies & Sport Science

Biology

AUSTRALIA

Brisbane
University of Queensland: STEM, Business, Social Sciences & Liberal Arts

Melbourne
University of Melbourne: STEM, Business, Liberal Arts & Social Sciences

COSTA RICA

San José
University Veritas: Environmental Studies, Health Care, Liberal Arts & Spanish Language

ENGLAND

London
University of Roehampton: Criminology, Dance, Education & Liberal Arts

IRELAND

Dublin
University College Dublin: Business, Humanities, Agriculture & STEM

Dublin
Maynooth University: Arts, Music, Social & Natural Sciences

NEW ZEALAND

Auckland
University of Auckland: Business, STEM, Social Science & Liberal Arts

Dunedin
University of Otago: Natural Sciences, Exercise Science, Social Science & Liberal Arts
**Biology (continued)**

**SPAIN**

**Valencia**
Universidad Católica de Valencia: Health and Natural Sciences

**SOUTH AFRICA**

**Cape Town**
University of Cape Town: Business, STEM, Social Sciences & Liberal Arts

**SOUTH KOREA**

**Seoul**
Korea University: STEM, Business, Social Sciences & Liberal Arts

**THAILAND**

**Bangkok**
Mahidol University: Business, Hospitality, Social Science & STEM

**THE NETHERLANDS**

**Amsterdam**
Vrije Universiteit Amsterdam: Science, Liberal Arts & Business Courses with Locals

**Biomedical Science**

**AUSTRALIA**

**Brisbane**
Queensland University of Technology: Business, Exercise Science, Engineering & Creative Industries

**Sydney**
University of Sydney: Business, STEM, Liberal Arts, Health & Social Sciences

**ENGLAND**

**London**
Kingston University: Business, Computer Science, Exercise Science & Liberal Arts

**NEW ZEALAND**

**Dunedin**
University of Otago: Natural Sciences, Exercise Science, Social Science & Liberal Arts

**SCOTLAND**

**Glasgow**
University of Glasgow: Functional Anatomy

**SOUTH KOREA**

**Seoul**
Korea University: STEM, Business, Social Sciences & Liberal Arts

**SPAIN**

**Madrid**
Universidad Carlos III de Madrid: Science, Technology, Engineering & Math [STEM] Courses with Locals in English

**Valencia**
Universidad Católica de Valencia: Health and Natural Sciences

**THE NETHERLANDS**

**Amsterdam**
Vrije Universiteit Amsterdam: Science, Liberal Arts & Business Courses with Locals

What’s Next?

FOUR STEPS to studying abroad

STEP 1  Start perusing there’s no better time than right now

We know that everyone starts from somewhere different. If you’re:
• Dabbling—follow ISA on Instagram for inspiration: @isaabroad
• Debating—call 512-645-1469 and talk with an ISA Program Advisor.
• Deciding—as in deciding when and where—visit: studiesabroad.com

STEP 2  Start planning as soon as possible or 12 months ahead of travel

This is when you’ll finalize where and when you want to go abroad. You’ll also want to work with your study abroad advisor to confirm that the classes you want to take will count toward your degree and better understand how credits are transferred.

STEP 3  Start preparing 4-8 months ahead of travel

There are a few things that you’ll need to knock out during this step, including applications for your program, financial aid, and your passport. This is also when you’ll book your flight, and it all starts to get real.

STEP 4  Start packing 4-6 weeks ahead of travel

It’s go time!
Your prep work is done—just leave some room in your suitcase for souvenirs. We’ll give you all the info you need as you’re getting ready to go.

Remember, our ISA Program Advisors are experts on everything study abroad—from choosing a program to finding the best local coffee shop. At every point in the process, they are ready to help you. Call 512-645-1469 or send us an email at programadvisors@studiesabroad.com.
